2004 Employers-Producer Survey on Human Resources in Agriculture

Français

Note: This survey is intended for all farm operators in Canada. If members of your family work on the farm, you should answer all questions about their needs for training and education.

INTRODUCTION

Welcome to our short 2004 Employers-Producer Survey on Human Resources in Agriculture

Please fill out the attached grassroots survey that has been developed by the Steering Committee for the Agriculture Human Resources Sector Council. The Steering Committee is comprised of a group of Stakeholders representing all major commodities and organizations from all regions of Canada.

A concrete proposal to establish a national sector council to address a variety of Human Resources (HR) concerns in the agri-food industry is currently being prepared by the Steering Committee, for presentation to a future assembly of stakeholder groups to be held in April 2005.

The current Project, Phase 1 of a 3-Phase Project, was approved by Human Resources and Skills Development Canada in June 2004 to allow the Steering Committee to identify issues and set priorities to address HR needs in the production agriculture sector. Members of the Steering Committee have developed these questionnaires to survey stakeholders to help identify HR issues and priorities facing the production sector. Your assistance in this important Project is greatly appreciated.

Completing the survey is easy, and should only take about 10 minutes of your time. Simply press the "Continue" button below to begin. Once you have completed the survey, press the "Continue" button to enter your responses. You may go back to change your responses at any time before pressing "Continue".

Please be assured that your responses are confidential, and that no individuals will be identified in the reporting of the results. Once the data is entered in a separate data base, any personal information will be destroyed. In conducting this survey, we adhere to the confidentiality rights guaranteed under the Privacy and Access to Information Act and the survey provider adheres to the standards set out by the Professional Market Research Society and the Canadian Association of Market Research.

Thank you for your support, and for taking the time to respond! If you have any questions or concerns about this survey, please contact Mike Jewer at mike.jewer@gpc.ca.
